Tuesday, 05 February 2008 08:21

In Session 2 of our Artist Interview with James "Munky" Shaffer of Korn, Munky tells us about the artists and guitar players he's into these days. Next he dives into the gear he's been using live and in the studio. Munky talks about his passion for vintage gear, what he has, and how he's using his old school gear on the new Korn album. You'll be surprised by the guitars, amps and set-up he used, it's not your typical Metal rig! Ken continues on and asks Munky how he gets the most out of his guitar tone and amp sounds in the studio. This session is a gear lovers delight!
