

In Session 1 of our Artist Interview with rock guitar God Steve Stevens, GJD's Ken Volpe and Steve discuss his early days on the guitar - learning both Electric and Flamenco guitar. Steve talks about his early progressive rock influences. Next, Ken and Steve cover in great detail the gear he used on his new CD, *Memory Crash*: his Gibson Les Paul, Valco amp, and his Collings acoustic guitar. Lastly, they talk about how Steve pays tribute to one of his all time faves, Steve Howe of Yes.
