

In Session 2 of our Artist Interview on The Jamcast, GJD's Ken Volpe spends some QT with guitar legend George Lynch. George talks about how the creative process of new ideas are born and how he retains and shapes those ideas. He also talks about the importance of lyrics and about how important the magic and the flow of a song is to the success of a song. He also candidly tells about how he appreciates shred master guitar stuff, but these days listening to or performing a great song is more rewarding.
