

In Part 3 of their interview, Ken and Goran continue their discussion on composition and the production process that he uses. Goran gives some great advice to aspiring composers. They finish up discussing his main guitars that he uses.

[Listen to Session 3 with Goran Ivanovic &gt;](#)

**About Goran Ivanovic:** *Goran Ivanovic from Croatia is a talented jazz guitarist. A solid bandleader who surrounds himself with American musicians, Ivanovic embraces his traditional Balkan folk music overtly. He plays hot. The Goran Ivanovic Group offers up fire rather than ice, and the guitarist's amalgamation of flamenco, Balkan, classical, blues, and jazz keeps his band pushing forward almost all of the time on his eponymous album.*
