Investor Relations:

Guitar Jam Daily is a private company. However, we periodically consider outside investment by individuals or institutions who believe in what we are doing and wish to help us to meet our goals. Our mission is to create the leading online global information and entertainment network for guitar players, supporting their passion for music and their development as musicians at every level of playing. This world-wide collaborative online network provides information, entertainment news, creative services, resources, teaching, lessons, gear reviews, downloads, concert

review, gear finder, tour/concert calendars, camps & continuing education, events, message boards, on-demand video, webcasts, and more. Our purpose is to continue to build our global community of guitar players who want to stay connected, informed, inspired and entertained on a daily basis. Please contact us if you wish to discuss a potential investment or other type of assistance.
