

The Collings 290 Electric Guitar is featured today. It is an amazing instrument from one of America's leading high end guitar builders. The 290 features a solid Mahogany body, a Mahogany neck, and a Rosewood fretboard. It is wired with Jason Lollar P90 pickups. This model also comes standard with a Tone-Pro bridge and tailpiece. Sit back and enjoy this new GJD feature with our own Phil Miller jammin' on the Collings 290.
