Wow, is all I can say. Friday night and Saturday were filled with more great music, great weather, and great fun. I must say that there was almost too much good stuff going at one time, I wished that I could have had myself cloned so that I could have been at more than one place at a time, so I could catch it all. However, since I could only be at one place at one time, I had to pick and choose. The good news is that I was able to see most of my favorites because many of the acts played repeatedly throughout the day.

Let me tell you about a couple of the performances. Bugs Henderson was very entertaining with his playing and his humor. Once again Johnny Hiland was beyond great. David Grissom had killer tone and was tasteful as ever. Mike Scott was ripping it up with his usual intensity and Al Dimeola made our jaws drop. Check out this MP3 featuring various short clips of some of the event's music performances.
