

Today we are featuring some more excerpts from "Fuzz, The Sound That Revolutionized The World." This amazing documentary by musician-turned-film editor, Clif Taylor, features Billy Gibbons, Jon Spencer, Peter Frampton, and oodles of well-known boutique pedal builders. In this segment, you will hear about "secret circuit goo" and "cloning". You can learn more about Clif and the DVD or buy the DVD on-line at www.fuzzthemovie.com
